**SJP & SJPW, SJPF & SJPFW, SJPFR & SJPFRW, SJHD & SJHDW, SJPM & SJPFM, SJMHD**

This surface-mounted or flush-mounted metal floor cover is for interior or exterior applications. The self-centering aluminum center plate allows for thermal and seismic movement. Cover offers a variety of aesthetic and performance variations, depending on model.

### Features

- Designed for interior or exterior applications
- Can be surface-mounted and flush-mounted
- Center plate is available in bronze or stainless steel
- Can accommodate a variety of joint movements and loading requirements
- Highly customizable system to accommodate project requirements
- Variety of Center plate options (recessed center plate, flush center plate, heavy duty center plate)
- Self-centering center plate

### Benefits

- Can be designed for larger movement requirements
- Multiple style options allow cover to be used in a variety of conditions on the field
- Models available for new to existing conditions
- Models available to accommodate heavy-duty rolling loads

**| SJP & SJPW, SJPF & SJPFW, SJPF & SJPFWR, SJHD & SJHDW, SJPM & SJPFM, SJMHD**

**Product Details**

- Joint sizes range from 1" to 16"
- Available in 10' stock lengths
- Standard Loading
  - 500 lbs

**Warranty**

- Standard Five-Year Warranty

**Finish Options**

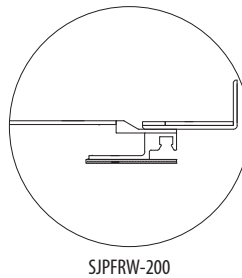

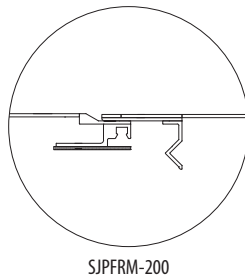

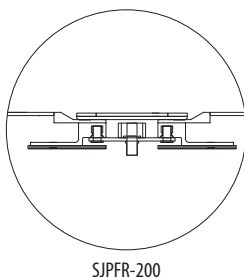

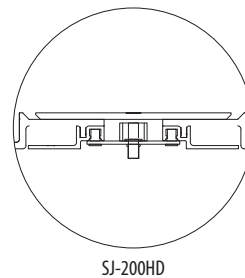

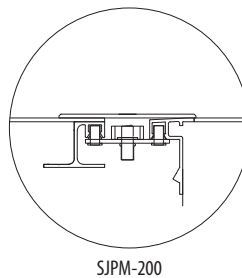

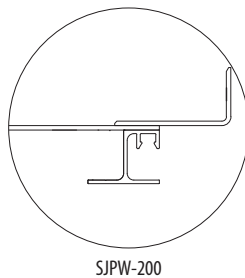

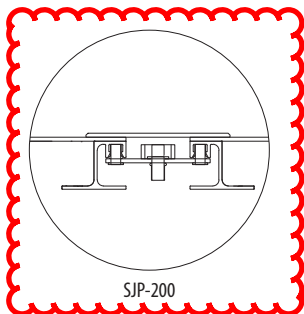

- Mill finish frame
- Directional polished center plate
- Aluminum in contact with concrete/masonry will have a 2 mil heavy metal free high solids primer
- Bronze center plate available in standard color – Satin
- Stainless Steel center plate – No. 4 finish

**Certifications**

Covers are in accordance with ASTM E1399 testing

**Model Details**

**ASM, ASMC, ASM-S/B, & ASMC-S/B**

This surface-mounted metal wall and ceiling cover is designed for interior applications where low maintenance or tamper-resistant applications are desired. The free-floating aluminum center plate spans the joint and slides over the surface of the wall or ceiling to allow movement when required. The cover can be painted to match nearly any finish and is available in multiple metal finishes.

**Features**

- Surface-mounted wall & ceiling applications to match select metal floor covers
- Can be used in a variety of wall construction
- Small gasket on each side of cover plate to reduce damage to the wall finish
- Available in different finishes (Stainless Steel, Bronze)

**Benefits**

- Use where low maintenance is desired or for tamper resistant applications
- Cover can be painted to match nearly any finish
- No exposed fasteners for tamper proof applications
